2001 ASSEMBLY BILL 928

March 14, 2002 - Introduced by Representatives WIECKERT, OWENS, SCHOOFF, COLON, TURNER, SHILLING, TOWNSEND and KAUFERT, cosponsored by Senators GROBSCHMIDT and BAUMGART. Referred to Committee on Urban and Local Affairs.

Gen. Cat.

- 1 AN ACT ~~to create~~ 15.157 (13), 20.143 (1) (df), 560.28 and 560.292 of the statutes;
- 2 relating to: establishing a state waterfront development program and
- 3 creating a council on that program.

**Analysis by the Legislative Reference Bureau**

This bill requires the department of commerce (department) to establish and administer a state waterfront development program for the purpose of assisting cities, villages, and towns (municipalities) to coordinate, plan, manage, and implement programs for the revitalization of areas that are adjacent to lakes or streams. Revitalization of such areas includes constructing, renovating, and rehabilitating buildings or other improvements to increase economic activity and tourism. Under the program, the department must provide technical assistance, training, and information on revitalization of waterfront areas to municipalities, and must coordinate state grant programs that are available to municipalities for waterfront development. The authorized positions for the department are increased by one for administration of the program.

The bill also creates the council on waterfront development programs (council), which is made up of the secretaries of commerce, tourism, natural resources, and transportation, or their designees, and representatives of a local chamber of commerce, a local visitor and convention bureau, a city, village, or county, a town, the planning profession, the financial community, and the business community. The council is charged with helping the secretary of commerce to develop a plan to operate the state waterfront development program, reviewing the effectiveness of the program, and recommending procedures to improve the program.

**ASSEMBLY BILL 928**

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

### Assumptions Used in Arriving at Fiscal Estimate

This bill establishes a state waterfront development program within the Department of Commerce. The purpose of the program is to assist municipalities with revitalizing land adjacent to lakes or streams with the goals of increasing economic activity and tourism. The bill also creates a 12 member council on waterfront development which will create a plan to operate, review the effectiveness of and recommend procedures to improve the program.

The bill provides a position and creates an appropriation for this program, but does not provide any funding for the position.

Positions that have been created to administer similar programs are classified as Economic Development Consultants. The annualized costs for an entry level Economic Development Consultant position, which are detailed below, are currently \$62,000. Creating a Waterfront Development Council would also increase the Department's costs related to administering the council. These costs are approximately \$3,000 annually.
